Good morning Aaron.

Attached is the signed contract. Page 2 and 3 have some changes, and Andrew Neil has initialed those changes. Once signed by your company, please send us a signed copy.

We will be in contact with the parties who own the land where the tanks are to let them know what is happening. Once we have contacted them, and provided them with your information, we will then provide you with their contact information as well. Please keep DNR informed of the progress in this matter, or if an issue arises.

Thanks again. I look forward to resolving this issue soon.
